RMA PROCESS & WARRANTY

GENERAL

1 – **RMA REQUEST:** A customer with product that does not meet specifications should request a Return Merchandise Authorization (RMA) number by filling out this form and submitting it to CTC via email to returns@conicaltool.com or fax (616) 531-7742.

2 – **RMA REVIEW:** The appropriate RMA Administrator will review the request and, before proceeding, may request additional information, or suggest additional diagnostic steps to ensure that the product is not returned unnecessarily.

3 – **RMA CHARGES:** For Out-of-Specification ("OOS") claims which resulted from an error by CTC, there will be no charges. OOS RMA returns which resulted from a customer error will require a charge. Prior to the RMA being issued the RMA Administrator will inform the customer of the charge for repair or replacement of the product and request the customer to provide a Purchase Order (PO) for the RMA to be issued. A formal quote for the associated RMA charges can be provided upon request.

4 – **P.O. REQUIREMENTS:** A PO must be provided for all OOS RMA returns. Additional details on PO requirements can be provided upon request.

5 – **RMA ISSUED:** When the RMA Administrator has confirmed a repair is necessary and all other requirements have been satisfied a reply will be sent to the customer with an RMA number including packaging and shipping instructions.

6 – **SHIPMENT OF RMA TO CTC:** The customer is responsible for the safe shipment of the product in appropriate packaging. Any product arriving on our receiving dock without an RMA issued is subject to return to the customer without being internally processed.

7 – **TEST/REPAIR: CTC** will make a best effort to repair all returned products. Product that cannot be repaired with reasonable effort will be replaced at no charge to the customer if it is determined the result of an error caused by CTC.

8 – **RMA TURN-AROUND TIME:** Average RMA turn-around time is 1-4 weeks from the date the RMA arrives on the CTC dock thru the date of reshipment from CTC.

NO TROUBLE FOUND RMA's

If an RMA is determined to be No Trouble Found ("NTF"), CTC will request additional information from the customer in an attempt to replicate the observed failure.
